“ *Love you Ellie, you were my second Mom (the more permissive one haha!) you taught me a lot in the day, and even though I chose not to listen you impressed on me as a very wise woman- i should have listened to you more, but when you got mad in Austrian I had no idea what you were saying! your daughter would translate for me but I had no idea if she was Joshing me or what? You will always hold a special place in my heart!*
