“ Although I did not see Mr. Nowochin a lot in the last few years, I held him close to my heart (all of you, in fact). The memories I have of Dad and Mr. Nowochin, Johnny and Donny make me smile. I have many happy memories of the two of them. I know that they are reunited now. And after all the hugging and the "Hi Don", "Hi John", they are enjoying some camping and just chit chatting.

My sympathies to the whole family. Lots of hugs to you all.
