“ *My Condolences to your family in the passing of a great guy
Glen was always a pleasure to work with
I considered him a very good friend
unfortunately we did not keep up with each other after I left the
County
I was sorry that I had not got together with him like we said we
would
Glen could put you in a good mood and was always there to listen
and give good advice
He will be missed by many but mostly by his family that he was so
proud of
even if he did not always say it out loud
