“ Sending my deepest condolences to all the Nowak family On the loss of a Husband, Father, Father-In-Law, and Grandfather. I had the honor of sharing my son and his youngest grandson Zachary with him. Gunther adored his grandchildren and would do anything for them and he meant the world to all of them. When he was introduced to a new person and couldn't remember their name or better yet HEAR their name he would give them a name he thought he heard or make up a name of his own. There were many times I would call the person by their "Gunther" name and the funny thing is they would answer by that name when you called them. I would like to thank you Gunther for always welcoming me into your family for so many years even after I went on my separate way. I will remember those many hand and foot canasta card games we played into the wee hours of the night. You will hold a special place in my heart. Last but not least I would like to thank you for being a fantastic and loving grandparent to Zachary and the rest of your grand kids. He is missing you so much already and I know he will always have the greatest and fondest memories of you forever.
Rest In Peace My Friend
Love Joanna and/or "Giuseppe" as Gunther would often call me xo
