“ I have a deep respect for the life of Joan. It began when Dad and I would go to the farm to buy cattle and enjoy the visit with herself and Ben. They left an impression in my life that is everlasting. The strength of the Wagner family and in Joan particularly is an inspiration to us all. I send my love and compassion to you all.

“ I always loved Aunt Joan for her open mind and acceptance of the younger generation's way of thinking. I loved her deep faith in God. She made a difference in so many lives.
