“ *Angela, please accept my condolences on the passing of your father. I am glad that I had the chance to meet him a few times over the years. I will always remember him tending to his garden and enjoying the warm sun and a cooling breeze while sitting on the deck in back of the house. I can imagine you and dad enjoying some quality time together on the deck; you took such good care of him after your mom passed.*

*I know your dad would be very proud of you now, watching how well you've taken care of details and how you've remembered him. He raised you well, and the strong, kind person you are today is a testament to how good a father he was to you. He will always be with you in your heart and memories.*

*All my best to you, and please let me know if you need someone to talk to who knows all too well what you are feeling right now.*
