“ I was fortunate to have worked with Lori at AHS while she transitioned back into her role with Ambulatory Care Services. It was only a month or so but she certainly made a lasting impression. She was bright and so spunky and truly gracious. I hope you all find strength in eachother and the memories she left you with.

“ What sad and unexpected news. Lorie was part of our AHS team and always had a sunny disposition to support her work family. She was always willing to help and support where it was needed and took a special interest in the team. My thoughts and prayers are with her family in the next days, weeks and months. Cherish the memories of a wonderful lady!

“ Sorry for your loss. I had the opportunity to work in close proximity to Lorie for a few years. She would always bring a smile and a "can do it" attitude to work. It was a pleasure getting to know her. She always spoke so highly of her family and the support they were to her. She will be missed.

“ I met Lorie when I started to watch Chelsey after school in grade 2. We soon became close friends and I met the other girls. I will miss her smile and the way she would say Ohhh Honey when you told her sad news. The look on her face when she was shocked was priceless. She was the only person who knew when I needed a call. She was the first to help and the last to ask for it. Your family has come to mean a lot to me and my family. Just remember we are going through the same stuff you are and we can do it together!!
