“ *Charlie, I was deeply saddened to hear about your passing but I know you faught a good fight and are watching over all of us.*

you were so sweet and fun loving, you had the attitude of a careree teenager and were always good for a laugh no matter what the situation was.

I wish we had gotten together for drink and a good laugh recently!

you will be missed by so many people and Taryn, my heart goes out to you in your time of loss.
