“Matty was such an amazing human being. So thoughtful and kind hearted and always wanting to help or just hang out. We loved having both Matty and Kaley as our Hay Lakes neighbors and we're sad to see them move to Calmar but knew they both were great people who would keep in touch no matter what! Every single time we saw Matty he would give us a hug.....that is what I will miss so much!

We want the family to know that we are so sorry for your loss of such a beautiful human being and that you will be in our prayers. To Kaley..... we love you my girl and wish we could fix your broken heart. Just know that Matt will always, always be with you. He loved you so so much and even though he is no longer here he will always be by your side and hugging you. So terribly sorry for your loss and we are here for you if you need anything.

Words can't express how sorry we are that Matty is gone. We both will miss him so much and we both will never forget the happy memories we have of him.

Our Sincere Sympathy

Only met him last summer through work. In that short time i feel as if i got to know Matt really well and enjoyed the chances we got to hang out and tinker on my trucks or sit and talk about life. Miss you bro and hope you shred it up their!
