“ I am a friend of Marian's. My mother, Mrs. Amanda Whitelaw had her birthday on the same day as Mrs. Rosa Johnson. One year Marian and I, Amanda and Rosa got together for a birthday lunch. It was a rousing success and we repeated it a couple more times. Both women enjoyed being doted upon by their daughters and would talk together and enjoy the wonderful company. They were dressed to the nines and beaming like Cheshire cats. We had no idea what sort of a journey that we were all in for after that first meeting. We learned so much about life from both of these amazing women.

*I treasure my friendship with Marian and feel honoured to have shared so many similar experiences as our mothers aged and became more dependent upon us.*

*They now can be together again, celebrating how much they are loved and how much they are and will be missed.*

*God's blessings to Marian and Lorne and the family.
