“Rose was a wonderful Aunt, friend and mother to me and my kids. Anytime I would call for a visit or if the kids wanted to go for a sleep over, or I needed a ear to vent out day to day frustrationsthe door was always open. She would say "sure I will be here". She was always kind and loving to anyone in need, and she would always be the first to help. It seems every time me or the kids would leave her home we would always be bringing something home with us.... either it be some of her home made baking or something she knew we could use. She will be dearly missed by me and my kids... if anything I know she is loving arms of grandma and grandpa and all her brothers and sisters watching down on us..... Love and miss you Rose<http://storage.lifetributes.com/Candles/new/candle-9.png>
